

Holbeck Elderly Aid

Holbeck Elderly Aid provide a vital service to elderly people, many of whom suffer isolation.

£20,000 paid for two vital posts: An Activities Organiser and a Neighbourhood Support Worker. Between them, they manage a wide range of much needed services including arranging social activities to combat isolation, providing healthy meals, advice and support about financial advice, home visits where they carry out needs assessments and much, much more.

In today's society, where the family unit has often broken down, Holbeck Elderly Aid has had a significant impact on the local elderly community, bringing people together so they can create their own strong, support networks.
