

## Community Activity Grants. Grants up to £250 for individuals and community groups

This scheme will consider grants for people who live close to each other, or share a common interest to run an event, project or activity to support their community and help build stronger, local communities.

You don't need to be a constituted group to apply for a grant. You might be a group of friends, local tenants and residents or be united by an interest in something specific like be parents of children with a specific learning need or be a group of young people with an interest in a specific hobby.

Activities that we may fund include getting together with neighbours or people for a community celebration event, hosting a come-dine-with-me type event in your locality, or a teddy bear picnic party for local children, or an event to introduce and welcome new residents into the local community or set up a skills swop – someone does your gardening and you bake them a cake. We will consider a wide range of ideas.

There is an application form to complete and the next deadline for the receipt of forms is Friday 10th September 2010.

**For further details and/or to apply please contact the Grants Team at**
